

MMSP 146 - Final Project Requirements

Simple Web Design Interface built in Flash for Animation exercises and assignments completed this semester...

Flash Web Site minimum requirements:

1. Home Screen (*simple design*)
 2. Contact (*either on each screen or on its own 'page'*) with link to email you
 3. Resume (*or an 'about you' section - your choice*)
 4. Portfolio / Animated Works (*each piece should have a description of work and process of coming up with idea*)
-

Required Animations in Portfolio Section (*you will include 8 animations total*)

1. Choose 4 out of the following in-class exercises
 - oscillation
 - animation techniques
 - bomb
 - text animation
 - bouncing ball
 - Lip Synch
 - Bones
 2. Walk Cycle skeleton
 3. Walk Cycle 'clothed'
 4. Board-O-Matic (*Animated Storyboards with sound*)
 5. Character Animation (*completed*)
-

Time in class will be given to finish character animation, finesse and clean up any chosen exercises you want to add to site as well as discuss and talk about simple interactions that will go into developing site.
